

Tuesday, February 23, 2010 is Missouri's Annual
EMS Day at the State Capitol!

It will run from 8:30 am to about 2 pm, 3rd floor rotunda.

Great time to come visit your legislators, take them to lunch, and generally hob knob.

Please think about setting up an appointment with your senator and representative by calling early...and invite them to lunch. They have to eat and may want to catch up on what is happening back home.

Every year we set up several booths on the 3rd floor rotunda to help display EMS to the various legislators and staff. If your agency would like to set up a booth this year please drop Jason White an e-mail. We have space for 8 booths from 0800 to 1 pm. We try and make sure that we have booths from a variety of agency types.

Rolls and fruit are provided at 0830 and generally some comments from a Senator or Department Director.
